Ed,

Can we just ask for the FOCS to sign off on, or agree that it does not object to (or similar wording), this plan provided ITC complies with state water quality standards/conditions imposed by TCEQ? Not asking FOCS to "authorize" the operation of the WWTP/discharge without a permit – the statute and regulation do that.

Call if you'd like to discuss.

If this approach would work, I will confirm with TCEQ legal as well.

Thanks,

Aileen
